

## **AGENDA: i-CATVision™ Software Power Program**

8:30 am – 5:00 pm

---

- 8:00 am:* Continental Breakfast served. Start installation of i-CATVision™ CD.
- 8:30 am – 9:00 am:** **Introduction:** Software Downloads, Additional Training Opportunities, etc.
- 9:00 am – 9:15 am:** **Begin i-CATVision Review:** Patient List, Study List, Sorting patient data.
- 9:15 am – 10:00 am** **Preview Window:** Mapping Arches/Contour lines, Image Processing Tools, MIP (Maximum Intensity Projection), Rotating Data, Saving Workups.
- 10:00 am – 10:15 am** **Break**
- 10:15 am – 11:00 am** **Implant Window:** Optimizing Panoramic image, Image Processing tools & techniques, Measurement Tools, Cross Section Slice Tools, Rotating Data, Optimizing Cross Section Views, 3D Volume Rendering.
- 11:00 am – 12:00 pm** **Nerve Canal Estimation:** The 3 approaches, Viewing in 3D Volume Rendering.
- 12:00 pm – 1:00 pm** **Lunch**
- 1:00 pm – 1:15 pm** **Ceph Window:** Pre-mapped Ceph, Tagged Airway.
- 1:15 pm - 2:15 pm** **MPR Window:** Image Processing tools & techniques, Measurement Tools, Additional Cephalometric reconstruction techniques, Explore Tool, Line Tool, Rotating data.
- 2:15 pm - 3:00 pm** **TMJ Window:** Optimizing Cross Section Views, 3D Volume Rendering, Use of this window for viewing pathology.
- 3:00 pm – 3:15 pm** **Break**
- 3:15 pm - 4:00 pm** **Reports and Data Export:** Saving images, Creating and Saving Reports/Templates, Exporting data, CD Burning.
- 4:00 pm - 5:00 pm** **3DVR (3D Volume Rendering Program):** How to access from i-CATVision, All features will be covered.
